

Invitation Tech for Sustainability Event | April 20, 2023

Managing climate change has moved to the top of the agenda of Swiss companies, as a better ESG performance not only contributes to a more sustainable and inclusive economy it also enables long-term profitability and higher resilience during crises. Green Growth plays a pivotal role to achieve sustainability goals and in the coming years foundations will be laid for unleashing the potential of digital technology and green transformation.

Therefore, we are thrilled to announce the **5th Tech for Sustainability Circle Event on the topic 'Green Growth'** happening on **April 20th, 2023** at Zurich Airport.

We will look at opportunities leveraging technology to speed up our response to climate change and will share knowledge, foster transparency, and bring people together to co-create a positive, sustainable impact enabled by technology. You can expect exciting keynote speakers and panel discussions.
